

Software Test Document

Project: QueueBoard | Synthetic case: G2-07

SYNTHETIC FICTIONAL BENCHMARK. These example plans, expected outputs and scripted results are NOT records of executed software tests or student work.

Table of Contents

- 1. Campaign Overview 2
- 2. Promotion Calendar 2
- 3. Audience Acquisition 2

1. Campaign Overview

Marketing Campaign Plan: develop a fictional advertising calendar for a bakery opening and target brand impressions, not software test cases.

2. Promotion Calendar

Draft social-media captions, promotional email subject lines and a bakery poster for a launch week.

3. Audience Acquisition

Collect imaginary newsletter signups and compute hypothetical advertisement reach, rather than validating software behavior.
